THRIVE!

Community Wellness in Action

Walk & Roll Addyston

STATEMENT FOR LARGE ROUTE MAP

In an effort to build a more health conscious and strong community, the Council and Mayor of the Village of Addyston have, in conjunction with Hamilton County Public Health, adopted the WeTHRIVE initiative. This program, via a grant by the Center for Disease Control (CDC), has enabled us to provide our community with healthy options to include the exercise equipment just to your south and marked “Walkable and Rollable” loops. This also includes the benches and trash receptacles you see as you travel the 5 marked loops.

These loops collectively measure approximately 12 miles. All loops, except the Purple Loop, begin at this spot. If you walk from this spot to the Purple Loop and back add another half mile to that loop.

Beyond these healthy exercise options we are dedicated to providing and educating our community with healthy food options. To this end we have a shared use agreement through the generosity of the Addyston Baptist Church to provide weekly transportation to a facility where fresh fruits and vegetables are available. We want, in all things, to make the healthy choice the easy choice.

Let's Walk and Roll Addyston!
