

# The Living Memorial

Many of you have seen the living memorial in front of our municipal building. It is the place where all Addyston Village officials living and dead are memorialized. This is called “**The Memorial Brick Project**”. Mr. Ray Sisson, who worked on this project, said “This is the most historically significant project in our village’s history”.

As a part of that project we offered families and friends to be a part of the living history of Addyston. As you look at that portion of the memorial you will see everything from single bricks to large clusters of bricks to memorialize friends and loved one past and present. We will soon be ordering more bricks to update the officials’ side. At that time we will also order “Memorial Bricks” for individuals. Should you like to have a friend or family memorialized please call Erin at 513-941-1313x10 for more information. Be a part of the living history of Addyston, Ohio.
